

IMAGERY ANALYSIS SERVICE

PRODUCTION BOARD MEETING

Thursday, 27 January 1972 - 1330

MEMBERS PRESENT

MISSION STATUS

CHANGES TO OSR REQUIREMENTS

[redacted] stated that the OSR requirements officer, [redacted] is interested in all changes to their requirements that have been negotiated between IAS and OSR analysts and the reasons for the changes. [redacted] is attempting to review OSR requirements to insure that they are realistic.

IAS EQUIPMENT TEAM

The team was briefed in IEG on a new type viewer, using a liquid lens, that is under development at Rome Air Development Center. During the briefing IEG indicated that they have proposed to EXSUBCOM that they receive geographic breakdown on DP's [redacted] in the future.

SECRET

FB-M-179

25X1D

ACTING DIRECTOR'S MEETING WITH NPIC'S EXECUTIVE DIRECTOR

25X1A

[redacted] reported on his meeting with [redacted] on 25 January.

25X1A

IAS EQUIPMENT INVENTORY

25X1A

[redacted] stated that SB has an ADP listing of all equipment in IAS. Employees will be asked to sign for equipment received by them.

LETTERS OF COMMENDATION

A copy of all letters of commendation should be forwarded to the Director's office for filing.

PRODUCTION REPORT

The members discussed the draft of the bi-yearly production report summarizing the work effort of IAS. RMB will revise the report to include comments of the members. (This was done on 28 January and copies sent to the Production Board members.)
